

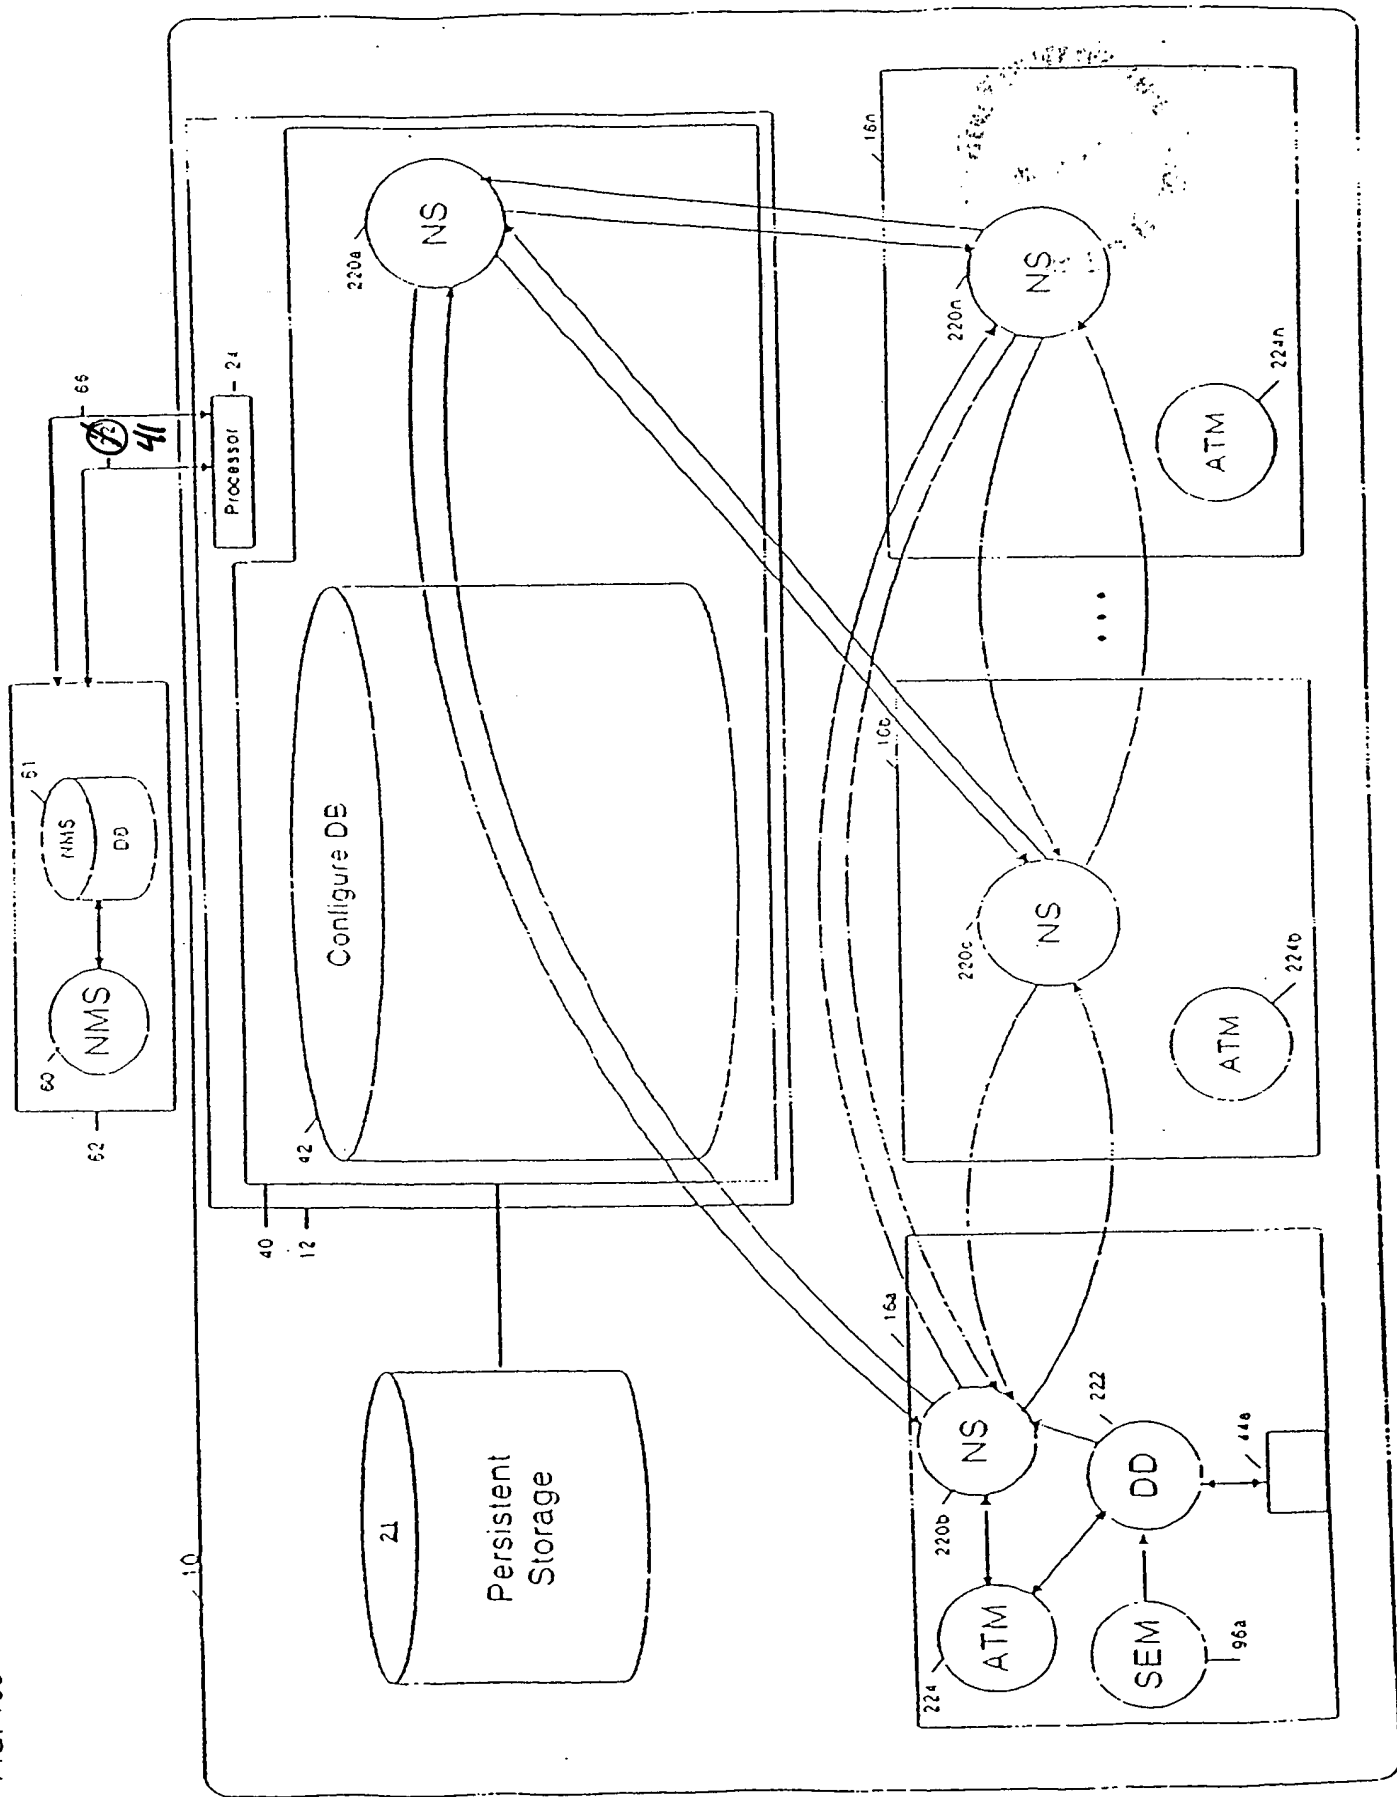

FIG. 13b

[illegible]

A block diagram showing the system architecture. A rectangular block labeled 60 contains two main components: a circle labeled 61 (NMS) and a cylinder labeled 62 (Ca). An arrow points from the circle 61 to the cylinder 62. To the right of this block, there is a circle labeled 41 (32) connected to a line labeled 55. The line 55 has two vertical branches that connect to the top of the rectangular block 60, specifically to the cylinder 62 and the circle 61.
